

QUALITY POLICY STATEMENT

Comex 2000 (UK) Ltd has developed and implemented a Quality Management System which details the procedures by which our business is managed and where it shall be continually improved upon in line with our Quality objectives.

Our company and clients' requirements and expectations shall be achieved through the establishment, communication and review of our quality objectives.

Meeting the quality requirements and expectations of our clients is a primary commitment in our business and our commitment to quality is achieved by:

- Complying with statutory obligations and codes of practices relevant to quality management
- Ensuring all work is completed efficiently and to a quality standard which conforms to the agreed specifications and contract
- Providing sufficient resources to implement and maintain a quality management program
- Establishing and monitoring a quality management system consistent with the certification requirements of BS EN ISO 9001:2015
- Training employees to improve skills and knowledge of quality issues and practices
- Identifying and resolving all non-conformances identified
- Conducting regular internal audits and management reviews to obtain feedback on performance and
- Periodically reviewing and improving the effectiveness of our quality management system by engaging with employees, subcontractors and customers.

Management and Supervisory Teams have responsibilities for the implementation of this policy and must ensure that Quality issues are given adequate consideration by all employees and contractors for all works.

This policy has been endorsed by the Executive Management Team who give their full support to the implementation of the policy.

A handwritten signature in black ink, appearing to read 'Mark Philby', is written over a faint, light-colored rectangular stamp or watermark.
